

Zero Point Energy Wand

What is in the Wand and how it works are both trademarked, proprietary secrets, of course. But the Wand does contain 11 minerals.

It essentially “tunes” into zero point energy, similar to a radio, and focuses that energy. The Wand is the most demonstrable product (triggering the body to produce changes that are sometimes nearly instantaneous) in the product line.

Beneficial for humans, animals, plants, foods, liquids, supplements.

How to Use:

Point the Wand and rotate clockwise 3, 9, 18 times

For more effectiveness, point as close as possible

You can also stir liquids with Wand (with proper hygiene)

Use the Wand on face to rejuvenate the skin

Use the Wand to Energize your food and water

Press and rotate at least 3 times on all finger and toe tips to unblock energy blockages.

The zero energy wand utilizes zero point energy technology. “In physics, the zero-point energy is the lowest possible energy that a quantum mechanical physical system may have and is the energy of the ground state. The quantum mechanical system that encapsulates this energy is the zero-point field. The concept was first proposed by Albert Einstein and Otto Stern in 1913.”

“Zero-point energy is the energy that remains when all other energy is removed from a system.”

The energy wand takes advantage of AMized Fusion technology.

This proprietary technology is the result of 25 years of research. The zero energy wand uses this technology by fusing together 12 minerals which promote the zero point energy field.

Please note that the Energy Wand does not actually do the healing work. Nobody is trying to replace doctors or medical advice; what we are talking about is something as natural as the skin growing back

after a paper cut, or the body healing broken bones. Help your body to remember its natural state with the zero point energy wand.

Use the Energy Wand on people, animals, and food to:

- Discharge energy blockages
- Increase energy
- Add shelf life to refrigerated foods
- Support the self healing processes in the body
- Relieve a variety of injuries, aches, and pains

Zero Point Wand

Technology has brought us a wonderful new instrument, a tool for change. The Zero Point Energy Field is now a widely respected energy source that governs the physical well being of all people, animals and plants.

The Zero Point Energy Wand has been created by charging a stainless steel, wand with Zero Point Energy. The high heat fusion

process, in combination with micro minerals and crystals charge this wand and creates a powerful tool that can be used to assist the body in rejuvenation. The Mwand does not actually do the healing, our body's energy field resonates naturally to the zero point energy, and it is this energy that brings balance and harmony to the body, mind, and soul.

In using the wand, hold the wand in your hand and circle it directly over an area that is causing discomfort or pain in the body. The wands Zero Point Energy penetrates the affected area, in essence reminding the body of its own power to heal, and holding perfect space for such regeneration and healing to take place. The MWand can empower the body in the rejuvenation of the cells, assist in the healing of disease, and slow down the aging process, in animals and plants as well.

The Energy Wand can assist one in connecting to ones soul's intent, helping our body, mind, and spirit to reconnect to source. In doing so, we can heal past issues like negative programming, childhood issues, and other aspects that hold us back from our highest potential.

MWands are useful in the energizing of beverages and foods to a higher level of potency. It is recommended to keep one in the refrigerator to prolong the life and quality of foods.

Taking a taste test is a wonderful way to experience the immediate result of the MWand. Wanding a piece of bitter lemon, or grapefruit can make it sweeter to the taste. Try cutting 2 pieces of the same fruit, wanding one and then tasting both.

Water infused with the life force energy taste better. Try this test on your friends and pets. Offer them two samples in matching vessels, one with tap water, the other with the same tap water after the wanding process and see which one they prefer!

Wand the water you give to one plant, and wand the plant itself. Use regular tap water on the second, and you may be amazed at the difference in growth.

One of the most effective tests is to find someone with a pain, and as previously mentioned, hold the wand in your hand, circle in a counter-clock wise direction just over the affected area for about 3 minutes. Combine this process with a positive mantra, invite the person being wanded to participate by calling on source, angels, or their guides in to assist in the healing process, creating a positive intent for the healing to take place. Most individuals can feel the energy working,

and have a positive immediate result. Often times the ailment simply goes away in just a few minutes, or will continue to improve over time.

This tool is one you can study to your minds content about all the principles of Quantum Physics, or simply try it for yourself. The understanding will come from the relief your body receives, whether you can fully comprehend the mechanics of physics or not.
